25X1

12. [] Met with Chairman George Miller, (D., Calif.), House Committee on Science and Astronautics, and briefed him on the ChiCom satellite and the multiple Soviet satellite launch. Chairman Miller noted in parting that the Committee schedule and his personal schedule are completely filled between now and his departure for California for the June 2 primaries. By his present thinking he would like to schedule an Agency briefing for select senior Committee members and subcommittee chairmen after his return from California.
